

SYNC

BY  TRÉVO™

PURE, ACTIVE, WATER-SOLUBLE,
FULL SPECTRUM HEMP OIL

* available in the USA only

AFTER 7 YEARS OF GLOBAL SUCCESS, TRÉVO IS 1 OF THE 2 LARGEST COMPANIES TO SELL HEMP OIL IN THE NETWORK MARKETING INDUSTRY.

The Hemp Business Journal estimated that the CBD market will grow to a \$2.1 billion market in consumer sales by 2020 with \$450 million of those sales coming from hemp-based sources.

— [Forbes.com](https://www.forbes.com)

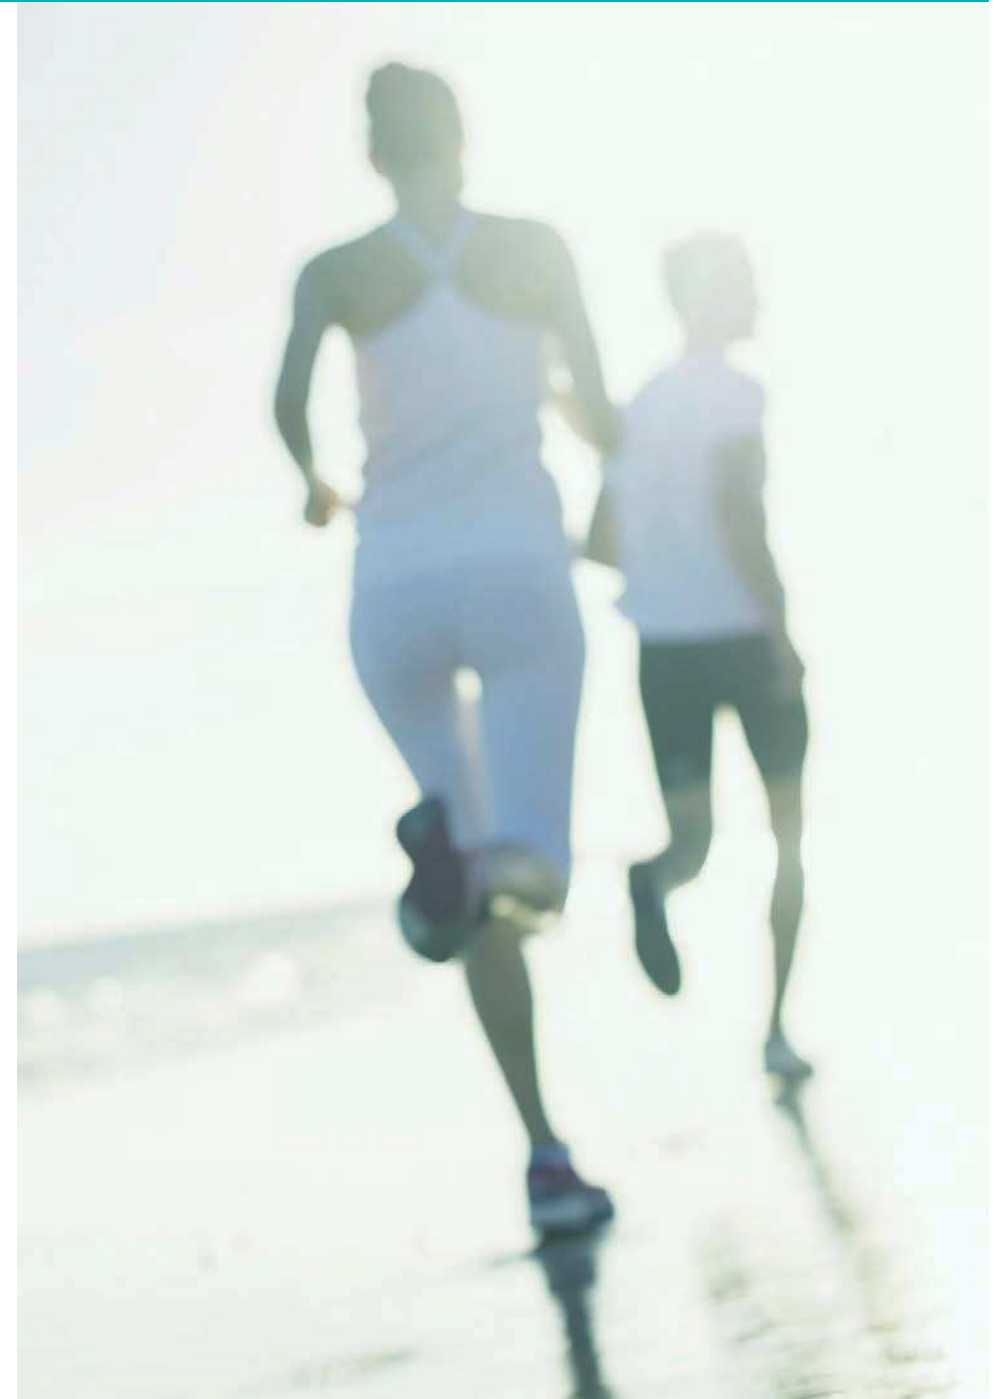

The emerging cannabis industry took in nearly \$9 billion in sales in 2017, according to Tom Adams, managing director of BDS Analytics. Sales are equivalent to the entire snack bar industry, or to annual revenue from Pampers diapers.

— money.cnn.com

The demand of cannabis from legal markets is expected to increase as more states legalize either recreational or medical use. Consumers in North America spent over \$53 billion in the legal and illegal cannabis markets combined in 2016.

SYNC is a cannabinoid-rich hemp oil that combines all of the necessary factors to put your lifestyle on the path of balanced well-being.

WHAT MAKES SYNC UNIQUE?

- 16.67mg of pure, active phytocannabinoids per serving
- Proprietary Water-Soluble Technology
- 100% Absorption
- Organically Grown
- Farm Bill Compliant from Seed to Crop to Product
- 500mg strength Full Spectrum Hemp Oil per Ounce

Available in two flavors:
Orange and Vanilla

SYNC HELPS SUPPORT THE MAINTENANCE OF:

- Mood Balance
- Anxiety
- Memory
- Pain Perception
- Sleep
- Joint Health
- Muscle Health

IS IT LEGAL TO USE AND SELL?

Yes! SYNC is fully Farm Bill compliant.

It is federally legal when sourced from agricultural hemp plants, such as those used in the production of SYNC. It is currently not available in the following states: Idaho, South Dakota, Nebraska, Kansas and West Virginia.

Although cannabinoid-rich hemp oil is a completely legal product, the use of the commonly-recognized 3-letter abbreviation for Cannibidiol is currently not permitted under Federal regulations.

HOW IS HEMP OIL DIFFERENT THAN THC?

Unlike THC, cannabidiol is non-psychoactive.

It is completely separated and isolated from THC and cannot get you “high.”

HEAR WHAT OUR CUSTOMERS ARE SAYING:

"I have been using SYNC by Trévo for the past two months, and all I can say is WOW! What a difference this has made in my life! I was diagnosed with ADHD and anxiety a few years ago and have been taking multiple prescription drugs to treat my disorders ever since. Once I started using SYNC by Trévo, I noticed an immediate decrease in my anxiety, I could focus more on my day to day activities and had overall sense of "calmness" throughout my body! SYNC by Trévo has helped me tremendously and I would recommend it to everyone!"

— Jacob F., United States

"I have always had bad anxiety. I would get so nervous and stressed out over the smallest things. But just a few weeks ago, I had the opportunity to try SYNC by Trévo for the first time, and let me tell you, ever since my first dosage, my overall anxiety has decreased tenfold!"

— Maria G., United States

"Insomnia has been one of my biggest challenges I've faced my entire life. I've tried over the counter drugs, aromatherapies and even prescription medications, but nothing ever seemed to work. I had the wonderful opportunity a few weeks ago to test SYNC by Trévo, and ever since starting my daily regimine, insomnia is a thing of the past for me. I take it twice daily; one dose in the morning with my coffee and another dose right before bed. Ever since taking this daily, my stress levels have gone down during the day and I can sleep like a baby at night. Thank you SYNC by Trévo!"

— Aaron D., United States

"After hip surgery to repair my labrum, I was left with multiple torn muscles, nerves, ligaments, and tendons in my thigh; I was prescribed OxyContin for 6-12 weeks to manage the pain. I received a bottle of Sync by Trévo and began taking it, along with an extra serving of Trévo each day, and was able to remain pain free with out taking any of the OxyContin."

— Penny V., Oklahoma
